## **Klime Kovaceski Brings His Award-Winning Culinary Prowess To Charlotte**

Developer Afshin Ghazi ([www.theghazicompany.com](http://www.theghazicompany.com)) and Restaurateur Nasser Razmyar are pleased to announce the appointment of Klime Kovaceski as Corporate Executive Chef for Mez Restaurant & EpiCentre Theaters.

"We took our time searching for a chef of Klime's caliber, because that's what we felt was needed in order to bring something truly new to our food operations".

The renowned chef Kovaceski ([www.klimekovaceski.com](http://www.klimekovaceski.com)) owned and operated Crystal Cafe in Miami Beach, Florida, for ten years, during which time his acclaimed restaurant was honored with multiple Four Star, Four Diamond, and Golden Spoon awards. Perhaps the most enviable accolade received was an "Extraordinary" rating in the Zagat Survey. Since selling his establishment in 2004, Kovaceski has worked as a Restaurant Consultant throughout the United States.

Klime looks forward to applying his twenty-plus years of American and European restaurant experience to this uniquely exciting adventure. His new GLOBAL menus will offer delectable fare ranging from stimulating small plates (grilled calamari, charcuterie, mini-kebabs) to BIG food (roast duck, oxtail, osso buco) to everything in between. Well, maybe not everything, but enough to keep the hungry Charlotte clientele enthralled. Kovaceski is thrilled with the opportunity to work in this great dining city, especially in tandem with consummate professionals like Afshin and Nasser.
